## MAFMCA's 25<sup>th</sup> Anniversary Show – 2016!

MAFMCA's 25th show anniversary happened Labor Day Weekend 2016 – Friday, September 2, through Sunday, September 4.

The featured tractor for 2016 was John Deere – we had a fabulous showing of the green and yellow with a total of 99 featured tractors! A special thank you to Paul Wertz and family for helping to

organize the featured John Deere displays!

All of our 25<sup>th</sup> Annual Show Statistics are listed below, as compiled by our Show Registration staff (*organized by Maudell Bostian*) and by our Gate staff (*organized by Pat & Mike Matsko*) – great job by our Registration & Gate volunteers!

A 1920 Waterloo Boy owned by Larry and Linda Kirkner (Milton, PA) was the oldest featured tractor this year.

Robert Oberdorf (from Arnold, Maryland) was the feature tractor owner traveling the longest distance to show his 1937 John Deere B.

The weather was very nice for our 2016 show. We enjoyed a fireworks

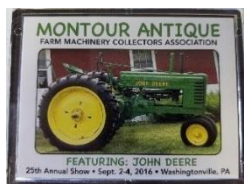

display for the first time during our annual show – Thank you to Brian Whitenight (and son Kolby) for putting on a fabulous show!

Tractor pulls were busy with double-tree, powder puff and our regular points pulls all happening throughout the course of the show. We had equipment parades every

day, lots of yummy food concessions and almost all of our ice cream leftover stock from the Montour-DeLong fair!

We had church services on Sunday morning coordinated by Penny Mausteller. A collection was gathered during the service which was donated to Camp Victory.

GREAT JOB & THANK YOU to all the many MAFMCA members, volunteers, patrons, vendors, exhibitors and the fair staff/volunteers and their families!

Our flea market was full of great vendors. We would like to take this time to thank each and every one of them. Many will be returning for our 2017 show along with some new vendors. We had a great variety like: Arbors Gifts (embroidery and so much more!), Christy with Pink Papaya & Jewelry in Candles, the Carr family (Dan and Tim) with their great variety of tools and parts, yard sale items, tools, smoked cheeses, & jerky (Rob & Joan Styer), food & candy, toys, apparel (AJ Hans), Too Hot or Not Too Hot (chili, hot dogs, etc.), decals (Rena Fisher), jewelry (Leslie), T-shirts, toys (Dennis), homemade outhouses (George), Tupperware & Scentsy (Deb Smith), crafts, wood cut outs, holiday/seasonal items (Melanie Rockey), County Gourmet Home (Kayla Shoemaker), crafts, tools, flea market items & dime pitch (Brian & Linda Llewellyn) Mums, JD memorabilia, crafts (Josh Snyder), sticky buns, coffee, lemonade (Diane & Ron Laidacker), Toys (Herb Reeder), DVDs, toys, & variety (Peter), JD manuals (Pam & Chris Karnes), Thirty One (Kim).

With the addition of our firework show and our demonstrations like the shingle mill, wood carving, stone crushing, etc., we have more and more events bringing people into our show. We are working on adding a few

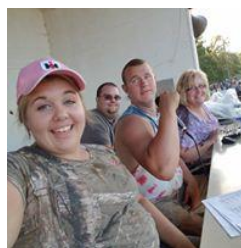

things for the 2017 show like a Chinese Auction in our Registration area, and maybe an eating competition! We will continue to hold great events like our pedal pulls, tractor games and tractor pulls too!

Thank you to all our vendors for helping to make our show a success last year – we are looking forward to next year's show with you!

## FFA News

### National Safe Tractor and Machinery Operation Program

The Danville FFA chapter, with the cooperation of the Montour Antique Farm Machinery Collector's Association, will be sponsoring a **National Safe Tractor and Machinery Operation Program**. The program is available to students who will turn 14 -18 during the 2017 tractor pull and show season. Participant parent/guardians **MUST** be a member of MAFMCA, or the participants must be Danville Middle/High School students to participate in the program.

Many of the tractor show and pull organizations in the state require an operator's certificate for youth under the age of 16 to participate in tractor pulls and parades. The *National Safe Tractor and Machinery Operator's Certificate* is also required by federal labor laws for a child under the age of 16 to be legally hired to do most types of farm work on a farm not owned by a parent - specifically if they will be using a tractor over 20 horsepower or operate any other type of equipment.

This course will be offered as an "Independent Study Cyber Course" only this year. A secure internet website will be developed and maintained for this course. **Students will need to register with Mike Shultz by February 1, 2017, to enroll in the course.** Readings and assignments will be posted to the internet site, and students will need to read the task sheets and do the assigned work INDEPENDENTLY to keep up on the information required to pass the written exam at the end of the course.

The Skills and Driving Exams will be held at a time and location to be determined. Driving instruction and practice will not be offered. Students must have previous skill and training from a trusted adult before taking the skills and driving test. This course is not designed to instruct students how to drive. It is designed to enrich student knowledge about Tractor/Farm/Machinery safety issues, and to assess student ability to drive safely and accurately.

Please e-mail Danville High School Ag-Science Instructor Mike Shultz at [mshultz@danville.k12.pa.us](mailto:mshultz@danville.k12.pa.us) to register.

### Danville FFA Spring Plant Sale – tentatively begins May 3, 2017

Danville High School Greenhouse – Plant information sale times will be provided later (and available on the FFA website).
